

Magical Holiday Stars

Create a star in wool fabric and decorate with silver threads, it will be a shimmering Holiday decoration in your window or on your wall.

Supplies:

- PFAFF® *ambition*™ sewing machine
- Heavy boiled wool 0.35m
- Sequin fabric 0.2m
- Robison-Anton 40wt embroidery thread – light grey.
- INSPIRA® Deco Fuse stabilizer #320003496
- Silver ribbon ¼ " (0.6cm) wide, 0.5m/star
- Scissors
- Pins

Cut:

From the wool:

- One large star, see pattern
- One square slightly larger than the pattern

From the sequin fabric:

- One small star, see pattern
- One square slightly larger than the pattern

From the stabilizer:

- One large star slightly smaller than the pattern

Prepare:

- Press stabilizer on the wrong side of the wool, make sure it is slightly smaller than the wool star.
- Thread your machine with Robison Anton embroidery thread both in top and bobbin.

- Place the sequin star on the right side of the wool star. Place the sequin square on the wool square and place them underneath with the right sides facing down.

Decorate:

- Sew a reinforced straight stitch around the edges of both the sequin and the wool star. Cut away the excess fabric from the squares. Sew a decorative stitch around the edges, we used a star shaped stitch, see picture.

Finish:

- Attach the ribbon on the top of the star with a straight stitch.

Hang it in your window. Enjoy!
