

## 8 *Precise positioning*

### 8.2 *Leaf pattern*

- 1** Touch Embroidery mode icon in the task bar.

- 2** Open the Selection menu.

- 3** Touch....
- Built-in machine designs
  - Select design CS\_016.vp3

- 4** Toggle to Embroidery stitch-out.  
Press the Start/Stop button on the front of your machine to start embroidering.

5

When the embroidery is finished you will get a pop-up asking you to clear the screen or not.  
Touch cancel, we are going to continue with a second leaf design.

6

Touch Return to Embroidery edit.

7

Touch the design to select it.

8

Mirror image side-to-side.

9

Rehoop your fabric as straight as possible. Move the fabric to the left. The next design will connect to the right hand side of the first design.

10

Attach the hoop again.

11

Toggle to Embroidery stitch-out.

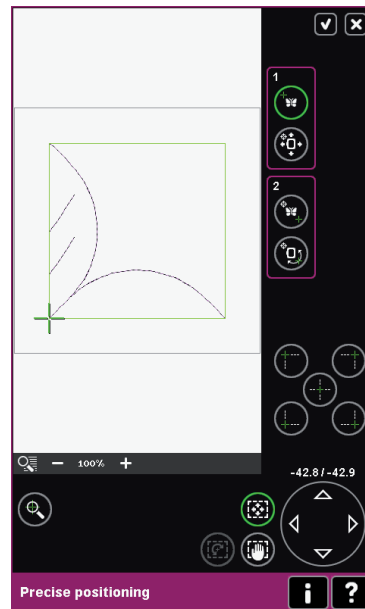

12

In the options bar, touch Precise positioning

13

Make sure the green cross hair is placed in the lower left corner of the design.  
The coordinates should be -42.8/-42.8.

14

Touch Place locking point on fabric.

15

Keep your eyes on the hoop and needle above the fabric.

16

Use the wheel on the screen and move the hoop so that the needle is exactly above the lower right stitch in the previously embroidered leaf design.

The coordinates will differ depending how you have hooped your fabric.

17

When your needle is exactly above the spot on your previous embroidery, touch Select matching point on screen to check another spot in your embroidery.

18

Touch the top left corner icon.

- 19 Touch Place matching point on fabric. Rotate is now active.

- 20 If needed, fine tune with the wheel until the needle is exactly above the top right corner of the previously embroidered leaf pattern design. The exact degrees will differ depending how you have hooped your fabric.

- 21 When your needle is exactly above the spot on the previous embroidery, touch OK to confirm the position and close Precise positioning.

- 22 Touch the start button and sew the second embroidery. When the second design is finished you will get the pop-up asking you to clear the screen again.

Touch cancel and add additional repeats of the leaf design to build your desired pattern. Use Precise positioning to set the matching points and rotate the design as needed.
