Construction the belt

- Cut the embellished purple denim pieces to the measure 5 ½" x 22" (14 x 56 cm).

- For the belt half with buckle pin the back and front belt pieces with the rounded ends right side together. Fold down the extended taffeta strip to avoid the strip being caught in the seam allowance. Sew around the edges and leave open the bottom end. Trim the seam allowance and turn right side out. Press.

- Remove the embroidery unit. Snap on the Sewing Star foot and change to white rayon thread on top and in the bobbin and continue to sew two rows of the decorative stitch on the right side of the embroidery.
Overlap the belt front ends with 1 ½" (4 cm) and mark the position of the buckle prong and place one eyelet there. Place two more eyelets to the left of the first one, each spaced ½" (12 mm) from the previous eyelet.

Pin the left and right belt pieces right sides together and sew the centre back seam together. Press the seam allowance open.
