## Tips & hints - Pant Suit

The pattern used for the jacket is: 01/2010 #119 and for the pants: 01/2013 #122A. Both can be found on [www.burdastyle.com](http://www.burdastyle.com).

We used lightweight wool for both jacket and pants and satin for the lapels and the stripes. The designs were created by using the built-in embroideries and Basic **Shape Creator™** feature. On the lower part of the jacket we used:

- Design cr\_004.vp3 x4, circle clockwise with Design cr\_021.vp3 in the center
- Design cr\_016.vp3 x5, circle clockwise

You can find information on how to use the Basic **Shape Creator™** feature in your manual. The designs created are placed and repeated in the **creative™** 360x200mm hoop together with design cr\_001.vp3 and cr\_017.vp3. Embroider the designs from the hem and up. Use a tear-away stabilizer underneath.

The shoulder designs are design cr\_004.vp3 x4, circle clockwise + design cr\_021.vp3 in the center. The designs are placed on the shoulder and sleeve and some parts are embroidered outside the pattern pieces. Hoop a tear-away stabilizer and use the basting function instead of hooping the whole pattern piece.

The stripes on the pants were created using a 3.5 cm (1.4") wide strip of satin embellished with Ribbon Stitch 6.5.5 and a 3mm satin ribbon.
