

## Features and Benefits PFAFF® coverlock™ 4.0

- **LCD screen**
  - **Graphic touch screen** – all necessary information for the selected stitch is shown.
  - **Extended Info system** - more information on the use of each stitch, right at your fingertips.
  - **Multiple languages** – choose and set your preferred language
- **Spacious**
  - **Large sewing space** – more space for coverstitch projects.
  - **Extension table included** – gives an extra large support for beautiful results
- **5, 4, 3, 2 thread sewing** – many options for utility and decorative sewing
- **25 stitches** – trim, stitch, overcast and decorate projects in half the time.
  - **Coverstitches** – great for sewing elastic hems, perfect for finishing all kind of knitwear.
  - **Chainstitch** – Join fabric layers where a traditionally pressed open seam is required. Works well as a basting stitch.
  - **5-thread overlock** – combines two stitches for durable and reliable seams.
  - **4-thread overlock** – reinforced overlock stitch for perfect sewing, trimming and finishing.
  - **3-thread overlock** – wide and narrow overlock seams and decorative techniques.
  - **2-thread overlock** – rolled edge and flatlock, wide and narrow.
  - **Built-in rolled edge** – sew 2 or 3-thread rolled hems quickly without changing the presser foot or stitchplate.
- **Automatically sets thread tension, differential feed and stitch length** – Select the stitch and start to sew.
- **Adjustable settings** – all settings can be adjusted for special fabrics and techniques.
- **Dual LED light sources** - maximum illumination of the sewing area for optimal visibility.
- **Memories** – save your personal settings for each stitch, uniquely naming them for instant recall.
- **Last stitch** – remembers latest stitch sewn when powering back on to instantly continue your project.
- **Tension release** – threads pull easily when presser foot is up
- **German Innovative Design** – build to make sewing easy and to achieve the professional results that the sewer wants.

- **Easy to change from overlock stitches to coverstitches** - No needle plate/presser foot change needed at conversion for different stitches
- **Differential feed** – adjustable for perfectly even seams, no stretching of the seam or puckering of fine fabrics.
- **Speed**
  - **Sews 1100 stitches per minute** – sew faster, save time.
  - **5 sewing speeds** – Easily adjustable when you want more precision for different techniques.
- **Lay-in tension and color coded thread paths** – for quick and convenient threading.
- **Extra presser foot height** – room for several layers or heavy fabrics.
- **Electronic piercing power** – stitch-by-stitch control with full piercing power at all speeds.
- **Presser feet**
  - **Universal Standard presser foot** – can be used with all built-in stitches.
  - **Snap-on presser feet** – easy to change to optional feet for specialty techniques.
  - **Optional feet** – a wide range of optional accessories to enhance your sewing results.
- **Movable upper cutter** – disengage the cutter for special techniques.
- **Built in two thread converter** – easy conversion to 2-thread stitches.
- **Easy threading instructions** – step-by-step interactive DVD and printed pictorial.
- **Thread cutter** – conveniently placed for quick cutting of threads.
- **Built in extended carrying handle** – move the machine without tangling the threads.
- **Waste tray** – catches fabric trimmings.
- **Safety lockout** – when the front cover is open the machine will not sew.
