

Cushion with Decorative Stitches and Free Motion

Note: The measurements represent finished lengths, not cutting measurements.

1. Apply fusible batting to each of the three front panel pieces.
2. Embellish the two outer panels with free-motion sewing using the Open Toe Free-Motion Foot (optional accessory).
2. Create a beautiful effect using the Decorative Trim Foot (optional accessory). Select a decorative stitch and sew over a trim in the middle of the center panel. Sew additional decorative stitches to the left and right.
3. Fold a strip, 2" x 20" (5x50cm), of contrasting fabric in half lengthwise. Place the strip between the center and outer panels when sewing the front piece together.
4. Insert a zipper using the Invisible Zipper Foot (optional).
5. Use the Grand Piping Foot (optional) to create a piping and give a luxurious touch to the cushion

Read more about the optional accessories and how to use them in the on-line Pfaff® Accessory Catalogue (www.pfaff.com).
