

# PFAFF

## 3D Sketch Handbag

Size of the finished bag 26 x 28 cm ( 8 1/2" x 11")

### You need:

- 40 cm (16") White Wool fabric
- 40 cm (16") White Lining
- 60 cm (24") 1 cm (3/8") wide velvet ribbon in light grey
- 65 cm (25") 2 cm (7/8") wide leather strap in matching colour of the wool fabric
- Embroidery hoop 225x140
- Embroidery tear away stabilizer
- Heavy fusible interfacing
- Matching sewing thread for the fabric and ribbon
- Machine embroidery thread
- 1 Sheet Printable Fabric Inspira Colour Plus cotton lawn, 6200040-96
- Bi-level Topstich Foot 820 676-096
- Metallic rings
- Rivets
- Ink jet printer

## Cutting:

1 cm seam allowance are included.

- Cut the pieces in white wool, white lining and heavy fusible interfacing. See pattern.

## Hooping/embroidering

- Print the plan view on paper.
- Print 1 copy of the picture on the printable fabric in a ink jet printer. Use the plan view as a guide to hoop the fabric correctly.
- Hoop a tear away stabilizer. The first colour is cross marks that you embroider on the stabilizer, this will be an aid for you to position the fabric right. Place the picture according to the plan view, and baste in the hoop.
- To check if you have positioned it correctly use the step stitch-by-stitch function on your embroidery machine, and step forward to the center of the first alignment cross. Compare the needle position to the position of the cross on the plan view. If they do not match, use the position buttons on the machine to move the needle to the correct position. Step forward through the other crosses in the same way. When the alignment is correct, select the next color in the embroidery and start to stitch out the embroidery. Use colours according to the colour scheme. (If you have a 2170, 2144 or a 2140 you can use the precise positioning to position the picture correctly.)

## Preparation

- Press the fusible interfacing at the back of all wool pieces. Trim away the extra fabric around the picture, leave 6 mm (1/4") all around for the seam allowance.

## Sewing:

### Front of bag

- Place the picture on the front piece according to the

layout and stitch in place using straight stitch.

- Place the grey velvet ribbons horizontal (see layout), make sure you hide the edge of the picture. Use the Bi-level Topstich Foot and stitch along the two edges. Use matching sewing thread.
- Finally, stitch a ribbon vertically across the front piece, hiding the edge of the picture.
- The back of the bag is a solid piece of white wool, it is not decorated.

## Bag handle

- Cut the ribbon 1 piece 25cm (10"), 2 pieces 13cm (5"), 2 pieces 5cm (2"). Fold the leather strap around the rings and put them together with rivets. (illustration 1)

## Lining

- Pin and sew the side piece around the edge of the front piece, right sides together. Make sure the corner markings will match. Pin and sew the back piece as you did with the front piece.
- Press. Leave about 20 cm open in the side for turning the bag when it's finished.

## Assemble the bag

- Sew the pieces of the bag together in the same way as with the lining, but without the opening in the side. Press.
- Place the handle ends outside the top of the sidepieces, according to illustration 2. Pin and sew in place using straight stitch.
- Place the bag inside the lining, right sides together, and sew with a straight stitch along the top edge, make sure the handles are in between.
- Turn right side out and press.
- Close the opening in the lining with a straight stitch.

## Finished!
