What will You make today?

Your **SMARTER BY PFAFF™ 260c** sewing machine features **DIRECT STITCH SELECTION**. You don't have to search for a stitch, simply press the icon of the stitch you want to sew and start sewing.

By pressing the **START/STOP BUTTON** you can sew without using the foot control. This function makes it even easier to sew long seams, rows of decorative stitches, buttonholes or free-motion.

Press the **NEEDLE UP/DOWN** to select needle down when you stop sewing. The needle remains in the fabric for easy pivoting, allowing you to make a perfect turn at every corner.

An **INFORMATION SYSTEM DISPLAY** clearly shows the selected stitch. Are you pondering over which presser foot to use to attain the best sewing result, just press the **i-button**. The recommended presser foot is shown on the display immediately.

## I Am Decorative!

Choose from 27 stitches, all with automatic stitch width and length settings. Use the stitches to decorate any sewing project, ready made or sewn from scratch. The result is a unique reflection of your personality.

## I Am Detailed!

A long row of stitches sewn in a contrasting color is a detail that adds attitude to your garment. Mix fabrics with different textures for a cool, unexpected style.

The **SMARTER BY PFAFF™ 260c** sewing machine features **PRESSER FOOT UP SAFETY**. If your machine beeps and won't let you sew, you have probably forgotten to lower the presser foot. Once it is lowered, you can sew again.
